

WMLL Parking --- New Rules for 2009

One of the most common concerns expressed by coaches at WMLL is "Why aren't there any parking spaces left for coaches with equipment?" Well, to be very frank about it, the answer is that folks who are NOT supposed to be parking in the main lot are!!!!

So, starting in 2009, the WMLL Board has adopted a new set of parking rules and a permit procedure for coaches. Here are the parking rules as posted on the sign at the entrance to the lot:

Parking in the main lot is reserved exclusively for:

"Coaches with a WMLL-issued, green parking pass displayed on their rear view mirror, as well as anyone with a state-issued Handicapped placard or license plate."

Anyone parking in the main lot without one of the above passes or handicapped placards will be ticketed by the Madison Police Department.

Assuming there are games on all three diamonds, this means that each field should have 2 head coaches for a total of six. Once a game starts, the next set of coaches should be arriving while the previous game's coaches are leaving. This means a total of 12 coach's parking spots are required. If everyone abides by these rules, it should be very unlikely that all the spaces are taken.

Please help out by parking on Forward Drive or in the Rayovac lot across from the batting cages if you are not a coach with a green parking pass or handicapped.

If you choose to park in the Rayovac parking lot, please enter from the Forward Drive entrance only. Rayovac has requested we NOT enter from the west side of that lot off Rayovac Drive. Also, please DO NOT park in the Rayovac lot until after 5:00 PM on weekdays.

THANKS for your cooperation.....our coaches will appreciate it!!!
